

CERTIFICATE II IN Agriculture

This qualification provides a general vocational outcome in agriculture. The qualification enables individuals to select a livestock production, cropping or livestock context as a job focus or, in the case of mixed farming enterprises, both cropping and livestock. Individuals with this qualification carry out routine tasks under general supervision and exercise limited autonomy with some accountability for their own work.

PATHWAYS AND EMPLOYMENT OPPORTUNITIES

Offering the foundation building blocks to your career in agriculture, Channel your passion for the natural environment into a career. The Certificate II in Agriculture gives you the skills and knowledge to enter the Agriculture industry as an Assistant Farm Hand. You'll gain a diverse skill set that will allow you to work within the industry and you'll learn how to care for livestock, recognise plants, and plan and construct fences. You'll also receive important safety training in a range of industry equipment including tractors, as well how to safely use, transport, and store of chemicals.

Notre Dame College recommend that students considering enrolling in this course in Yr 10,11 or 12 have completed the Yr 9 electives. If you wish to enrol in this course and have not completed the electives in Year 9 please see Ms Millstead
